## Diablo Numismatic Society Auction Rules

DNS auctions will take place 4 times per year, in conjunction with regular monthly

meetings. Dates will be published in the Die Break. The purpose of the auction is to let members raise cash from unneeded or unproductive coins from their collections.

Specifically, the purpose is not to put items up for bid at unreasonable prices.

Accordingly, there will be no reserves or "holds" on items put up for bid. Consignors should list a "value" for each item and must cite the source of that estimated value.

We will also solicit auction items from dealers at prices which should entice bidders.

Club members will be limited to five submissions per auctions, unless otherwise announced. They must fill out an entry form describing each lot and containing the information listed in the foregoing paragraph. Priority will be given to members who fill out the entry form and submit it to the auction coordinator, Bill Hickman, by e-mail or delivery at least 7 days prior to the meeting. Last minute entries will be accepted, assuming there is space available, but should be delivered to the coordinator prior to the start of the meeting. Each auction will be limited to 30 lots. All submissions will be accepted at the discretion of the auction coordinator.
